About BITS Pilani

The Birla Institute of Technology & Science, BITS Pilani is an all-India Institute for higher education. What started in the early 1900s as a small school, blossomed into a set of colleges for higher education, ranging from the Humanities to Engineering until 1964 when all these colleges amalgamated to culminate into a unique Indian University of International standing. It has been consistently ranked high, by both governmental and private ranking agencies for its innovative processes and capabilities that have enabled it to impart quality education and emerge as the best private science and engineering institute in India. The primary motive of BITS is to "train young men and women able and eager to create and put into action such ideas, methods, techniques, and information". In recognition of the high standard that BITS Pilani strives to uphold, University Grant Commission, in 2018, has declared it an "Institute of Eminence" (IOE).

Economics & Finance Department

The department of Economics & Finance at Pilani Campus is one of the oldest departments of the Institute. The current Masters' degree in Economics

program was started in the year 1964. At present, it is offering two-tier programs, Integrated M.Sc. Economics with dual Engineering Degree and Ph.D. program of the institute. The Department also offers a Minor in Finance starting in the Academic year 2012-2013. The focus of the department is to promote quality education, nurture young talents, and enrich intellectual contributions in terms of research output in identified thrust areas. Our department programs coalesce academic excellence and incisive research with exceptional industry/business connections through a well-structured Practice School course, a university-industry program. The Department offers excellent career development opportunities through a comprehensive curriculum to prepare young minds for employment with Fintech companies, financial institutions, government, stock markets, financial management, investments, and corporate finance.
